VOL. LIX: No. 48 REDWOOD CITY, CALIFORNIA, SATURDAY, FEBRUARY 28, 1920 ESTABLISHED 1859

THE MEMORIAL DAY EXERCISES AT ALHAMBRA THEATRE

Redwood City Post, No. 105 ,American Legion, held memorial services last Sunday afternoon in the Alhambra Theatre for the boys who didn't come home.

The committee in charge of the arrangements were Milton Marcus, chairman; Eric Thompson, William Bodirsky and Fred Zimmerman, and the success of the affair was due not only to their hard work but also to the loyal co-operation of the other members of the Post.

The meeting was opened by a prayer by Rev. S. C. Thomas of the Methodist church which was followed by the Marseillaise sung by the High School Glee club. Chairman Fred Zimmerman of Redwood City, Post then stated the reason of the services and said that he was pleased that so many had attended to do honor to the Redwood City boys who had given their all for their country.

Rev. E. I. McNalty of the Episcopal church read the scripture and Rev. C. H. Stevens of the Congregational church offered a prayer. The Glee Club again sang after which Rev. C. A. Parker of the Baptist church paid a glowing tribute to General Washington. Mr. Parker's words portrayed the example set by the Father of his Country and showed the splendid spirit of the man who "Was first in peace, first in war and First in the hearts of his countrymen."

Miss Janet Quinn of San Carlos delighted the audience with a violin solo. Mrs. Eric Thompson then read Edwin Markham's poem, "France In Battle Flame," in a most impressive manner. First aid helps were demonstrated by members of the Boy Scouts.

Mr. Roy W. Cloud delivered the address of the day in very simple words, paid his tribute to the boys who couldn't come home. Mr. Cloud had known nearly all of the boys who had made the great sacrifice for their country and instead of talking about them he talked for their country and impressed his hearers with the fact that it was necessary to carry on the fight that had been started over there and that not only the members of the American Legion but every citizen had to do his or her part, to make this country a nation for all of the people. His message was that we should love and serve our government and put down any spirit of discord that might arise.

Miss Edna Zimmerman who has a wonderfully sweet and powerful voice sang "The Americans Come." The Glee Club sang "America's Message," after which Mr. P. P. Chamberlain in behalf of the French Government presented a memorial scroll to the family of each of the local boys who had died or was killed in the service. Father Kennedy of the Catholic church read the names and afterwards prononuced the benediction. Lester Mullen sounded taps, the flags were lowered and the meeting was closed by the singing of "The Star Spangled Banner," by the entire audience.

LOCAL BUSINESS MAN SUCCUMBS TO ATTACK OF PNEUMONIA

On Thursday afternoon St. Peter's Episcopal church was crowded with sorrowing relatives and friends who had gathered to pay their last respects to Frank Horace Thompson who had died on Tuesday morning after an illness of ten days caused by an attack of pneumonia. Services were conducted by Rev. W. A. Brewer of San Mateo, assisted by Rev. McNalty, pastor of St. Peter's. The altar was banked with a profusion of flowers, the offering of loving friends. The ceremony was very impressive.

The interment was in Cypress Lawn cemetery.

Mr. Thompson was proprietor of the Liberty Meat Market on Main street and was held in high esteem by everyone. As a mark of respect to his memory all the butcher shops in town were closed from 1:30 to 3 o'clock on Thursday afternoon and the proprietors of the several markets attended the funeral, placing floral tributes on the bier of their departed associate.

Mr. Thompson is survived by a widow and three children, Lillian, aged 14, Aubrey and Dorothy, twins, aged six years.

Mr. Thompson came to Redwood City from England in 1905 and associated in the butcher business with Thomas Maloney and shortly afterwards with Thomas Brady at San Mateo. He remained at San Mateo for two years when he returned to Redwood City and again went into business with Maloney, later opening the City Market with Louis Casaretto as a partner. About two years ago, Thompson sold his interests in the City Market to Gilman Merrill and shortly afterwards opened the Liberty Market. He was a successful business man and highly esteemed in the community.

He is a brother of E. Ted Thompson, the Broadway tonsoralist and in addition leaves two other brothers and two sisters living in England—Fred and Alec Thompson and Mrs. Alice Richmond and Mrs. Edith Wheway. Arthur E. Thompson of Finger avenue and Frank W. Thompson, who is now in business in Philadelphia a,re nephews.

ANTONIO VENTURA ADMITTED TO 15-YEAR PROBATION

Ventura had three trials and was convicted on the last one. He has two small children besides the one for whom he is to pay the $15 for support.

The court in passing sentence stated that the state could gain nothing in sentencing the prisoner to San Quentin. It were better that he should provide for his family and support them and not to have the state to do it. Ventura was born in San Mateo county and is 38 years old.

Attorney J. E. McCurdy, who defended Ventura made a strong plea for lieniency.

This is a new process and is taking well with automobile owners. Here is what a local car owner says about it. "In regard to Simonizing:" "We believe it is one of the best processes on the market for cleaning, polishing and protecting cars. It will positively remove rain, mud and oil spots ,and restore the original lustre, especially on enameled parts. We have used it for more than a year and have received wonderful results."

He owns his own home and has been a resident of this city for several years. In April he will have completed two terms as trustee of South San Francisco where he is known as a radical.

CASE AGAINST ASA T. WEEKS WAS COMPROMISED SATISFACTOR TO THE COURT

The suit of the estate of George P. Ellis against Asa T. Weeks of Pescadero has been compromised. On the death of Ellis Edgar Shaw of Pescadero was appointed special administrator and he at once began suit against defendant alleging that the price paid for the land was too low. The case was transferred to the superior court of Santa Clara for trial but before it was begun the matter was compromised by Mr. Weeks agreeing to pay $1000 more for the holding.

Shoe Economy

OR

How We Save You Money

FITTING SERVICE

We Aim to Fit You Perfectly

By **perfectly** we mean two things: First, in a manner that will insure perfect comfort; and second, to give you the surest way of making your shoes "wear longer."

This fact is true, namely, SHOES FITTED PERFECTLY ARE LESS LIABLE TO RIP, BREAK OR CRACK than shoes imperfectly fitted. The reason is this: There are reinforcements in your shoe to take the "extra" strain of the different points of your foot. Now if you get an ill fit shoe, wherein the strain is improperly applied to weaker points, the result will be that your shoe gets out of shape quickly, cracks, rips and ultimately is thrown away before it is really worn out.

In striving to give you perfect fitting we are not only thinking of YOUR COMFORT, but also about making your shoes HOLD THEIR SHAPE BETTER and consequently LAST LONGER. By insuring the MAXIMUM of wear, are we not SAVING YOU MONEY? and promoting TRUE SHOE ECONOMY?

LEAGUES OF WOMEN VOTERS A. MISTAKE

It is to be deplored that in some states groups of voters of the fair sex are organizing themselves into leagues of women voters instead of affiliating with existing political parties. It was never announced by those who worked for women suffrage that the women, if given the vote, would array themselves as a body on one side or the other of national questions. The men had a right to expect that individual women would consider political problems on their merits, and vote accordingly, rather than be guided in their opinions by an independent organization of women voters. The women fought for years to remove sex considerations from politics. Having won the fight some of them now propose to continue the distinction through the formation of leagues of women voters.

SOME FEDERAL OFFICIALS COULD LEARN FROM HINES

Director General Hines turned down the wage demands of the railroad brotherhoods, one of his reasons being that the pending railroad bill carries provisions for meeting the situation. It reflects credit on Mr. Hines that he should have determined that the rail dispute should be settled according to the laws enacted by Congress, rather than that a single individual should assume the responsibility. He could have asserted his authority and taken advantage of the fact that the roads are to remain under Federal control a few days longer. But he preferred to act on the principle that this is a government of laws and not of men, thereby teaching a much-needed lesson to some of the other officials of this administration.

ONE MORE STEP TOWARD POPULAR GOVERNMENT

A New York judge has decided that it is not illegal to traffic in war savings stamps, neither is it wrong to own more than $1000 worth of the stamps, despite the fact that the Secretary of the Treasury has ruled against both propositions. In other words violation of an order of the Secretary of the Treasury is not a criminal offense. The decision marks one more step in the process of return to popular government. The people, through their Representatives and Senators in Congress, make the laws. It is the business of the Executive Departments to enforce the laws as they find them, and not undertake to substitute or add others of their own.

THE BRYAN-EDWARDS COMIC

William Jennings Bryan and Governor Edwards of New Jersey are contributing one of the best comic strips on our front pages. Gov-Edwards calls Bryan's remarks "hysterics" while Bryan says that the Governor wants to "bury the Democratic party with the saloon." "The spirit which gave us life as a country is sinking into extinction," says the New Jersey Governor. Probably he refers to the method by which that "spirit" has been abused by the present Administration. Certainly we would hesitate to believe that he was trying to make a pun on the word "spirit."

LET'S HEAR FROM WILLIAM JENNINGS

The gayety of the world might be added to materially by a few words from William Jennings Bryan on the Lord Grey letter.

The back-breaking scrubbing on the wash-board is entirely eliminated. The clothes are placed in the frothy soap-suds in the washing machine. You start the motor and in fifteen or twenty minutes the clothes are clean.

Next the power-driven wringer will help in the wringing and bluing.

The only thing the Electric Washer will not do is hang the clothes on the line.

When ready to iron, the Electric Ironing Machine will do the flat pieces so easily that you will say it is more fun than work.

Provide for these LABOR-SAVING and MONEY-SAVING devices in your plans or consult a wiring contractor about wiring convenient outlets in your present house.

SAN CARLOS ITEMS

JOHN E. COWGILL, CORRESPONDENT

The following letter has been sent to Mr. T. Ahern, superintendent of the Southern Pacific company, by the San Carlos Community Club:

"We have been reliably informed that the Southern Pacific company is turning out a gasoline propelled passenger car at their Sacramento shops similar to the busses now operated by The Peninsula Transit company on the state highway between San Francisco and San Jose, but with considerable greater carrying capacity; and which are to be used on branch lines and for fast and frequent local suburban service in congested sections such as the situation presents down the peninsula.

"In the event that it is the intention of your company to introduce such a service to take care of short haul passenger traffic in thickly populated districts we are of the opinion that there is a demand and a very crying need for just this sort of service between San Francisco and San Jose with an alternating schedule in conjunction with the present steam trains which make all or a greater part of the stops, whereby we would be provided with a twenty to thirty minute service.

"We believe that a large part of the business now handled by the auto busses and stage lines would divert to the railroad company if a service such as suggested were established by your company owing to the hazard of using thes high-speed vehicles on a badly congested roadway, and particularly during stormy and rainy weather; and the further fact, that the Transit company operating over the public highway have provided no shelter nor other conveniences for their patrons have prevented their becoming a popular means of transportation only from the standpoint of frequency of service.

"The members of the San Carlos Community Club, comprising a large majority of the residents of San Carlos will appreciate it if your company will give the above matter careful and favorable consideration.

"Yours very truly,
JNO. E. COWGILL,
President.

The Misses Gladys Dickinson and Beatrice McDonald were the first to take a plunge at the popular Ohio building Natatorium this season.

It "kinda" helps to put San Carlos on the map to have one of the speed cops drop up here ocasionally and just at the right time to nab so conspicuous and prominent a gentleman as the Hon. Francis J. Mannix, attorney and supervisor of the census at a time when he is disregarding our speed laws to the extent of 55 miles per hour.

The farmers in this section have decided that the prohibitionists have carried the dry law just a little too far. And this reminds us, that this is one instance in which the buck has not been passed to President Wilson, the only time he hasn't been blamed for everything that went away.

Dranzy A. Jones took the "Lark" out of San Carlos last Sunday night for Nogales, Arizona, from which point he will go into Mexico to look after some mining properties in which he and business associates are interested.

Master Jack Bamfield and his schoolmate, Raymond Westerman, came over from Oakland last Friday to remain over Washington's birthday for an outing and a visit at the home of Jack's aunt, Mrs. Fred W. Lippman.

Up to this time there has been no cases of "flue" developed in San Carlos owning to the precautions taken by our board of health and the residents themselves. The Misses Helen and Vera Boyd, Marian Johnson and Claire Jones have been confined to their homes suffering from severe colds.

We regret to learn that District Attorney Swart has relinquished control of the traffic cops as he kept them pretty well lined up and busy all the time.

The new home builders in San Carlos who have gone to considerable expense and trouble in planting trees shrubs and flowers and otherwise beautifying their grounds are making complaints to the city manager regarding their neighbors' chickens which are running at large. The city manager suggests that they ring the necks of the troublesome fowls and put them in the pot as the quickest way out of the difficulty.

Mrs. Columbus Bartlett of Berkeley was a week-end guest at the home of her son, Mr. Fred H. Bartlett. The late Hon. Washington Bartlett who was elected Governor of California in the early eighties, but who had served but nine months of his term at the time of his death was an uncle of Mr. F. H. Bartlett.

Miss Martha Entwissle, who resided with her parents here some years ago, but whose home is now in Oakland, was a week-end buest at the Hull-Shields home. Miss Entwissle is an accomplished and preposssing young lady of pleasing personality who made many friends while a resident of our little city.

Mr. Fred H. Drake, manager of the San Carlos properties received another consignment of water pipe to use in the extension of the water mains of the San Carlos Water company to accommodate the new residents.

Mrs. Murial Clark Fisher of San Francisco was here for a week-end visit at the home of her mother, Mrs. R. P. Hurlbut, Sr.

Miss Margaret Bartlett from Berkeley is visiting at the home of her brother, Mr. Fred H. Bartlett.

They couldn't be built now for twice $71,000

When the talk turns from politics to railroads, and the traveler with the cocksure air breaks in with, "There's an awful lot of 'water' in the railroads," here are some hard-pan facts to give him:

American railroads have cost $80,900 a mile—roadbed, structures, stations, yards, terminals, freight and passenger trains—everything from the great city terminals to the last spike.

A good concrete-and-asphalt highway costs $36,000 a mile—just a bare road, not counting the cost of culverts, bridges, etc.

Our railroads couldn't be duplicated today for $150,000 a mile.

They are capitalized for only $71,000 a mile—much less than their actual value. Seventy-one thousand dollars today will buy one locomotive.

English railways are capitalized at $274,000 a mile; the French at $155,000; German $132,000; even in Canada (still in pioneer development) they are capitalized at $67,000 a mile. The average for all foreign countries is $100,000.

Low capitalization and high operating efficiency have enabled American Railroads to pay the highest wages while charging the lowest rates.

MENLO PARK NEWS OF ALL SORTS

Doings at Peninsula Garden Spot As Told in Breezy Style By Our Reporters

James P. Maloney has returned from Visalia where he went to secure one of his cars that was wrecked at that place by a patron. The car was badly smashed and the party who rented it disappeared to parts unknown.

Joseph James McCloskey, son of the late John McCloskey, passed away in San Francisco last Sunday from an attack of the flu. The deceased was a native of Mayfield but resided here in his youth with his father who conducted a harness shop in Menlo Park. The father was at one time the harness maker for the Stanford stock farm in early days. The son was also a harness maker and for some years resided in the city. He leaves a family.

Weeden Brothers have been awarded a contract to build an addition to the Judson home at a cost of $7000.

Mr. Slinger of Palo Alto leased the St. Francis property on Santa Cruz avenue. He will manufacture his new monoplane weighing 150 pounds. He will also have an exhibition headquarters at Redwood City.

The pretty John L. Barneson home near the highway at Atherton and recently occupied by Admiral Kempff was sold this week to Faxon Atherton Macondray and he and his family moved down from the city, where they spent the winter, during the week. They have a home at Palo Alto. Mr. Atherton comes to live in the shadows of his boyhood home. His grandparents, Mr. and Mrs. Faxon D. Atherton at one time owned a large tract of land across the highway and there he was born and raised He is the principal owner of the Macondary Company, an importing concern of San Francisco.

Much speculation is being indulged in at present regarding the future status of the Base Hospital. During the week the U. S. Health Service purchased the Arrowhead Springs in San Bernardino county for crippled and sick soldiers. It is believed the inmates at the Base Hospital will be sent there. The springs are one of the best health resorts in the county. It consists of 2000 acres of land, a part of which is grown to oranges and lemons. The government is using splendid judgment in securing this property for the disabled soldiers. It is said the sum of $1,500,000. was paid for the property.

Garrett McEnerney, acting for St. Patrick's Seminary, has applied to Assessor D. P. Flynn to have the property of the seminary exempt from taxation under a recent law exempting certain universities and colleges from taxation. Should this be done a big burden will be placed on the Ravenswood school district in which the property of the institution is located. This property is essessed for over $100,000.

J. M. Walter has been appointed to the staff of County Surveyor George A. Kneese and will be employed as an engineer and draftsman. He was in charge of the installation of the sewer system at Camp Fremont during the latter part of 1918 and for the past six months has been employed as an inspector by the city engineer's department in Redwood City.

Captain Bethel sold during the week five acres of land of the fifteen bought by him recently on the corner of Atherton avenue and the Alameda to C. Jouve of San Francisco. The captain cleaned up $400 an acre on the sale. The fifteen acres were only purchased a month ago.

M. A. McCann has sold ten acres of the Sullivan tract at Atherton during the week at an average of $850 an acre. Mr. McCann expects to sell the entire tract of 90 acres within a few months. The land was placed upon the market last week.

Stockholders' meeting of the Nevada Central Mines company, held in San Francisco, February 10, 1920 elected the following officers.

J. W. Preston Jr., manager of Winship estate; Robert L. Long, mining man; Dudley D. Sales, attorney, Paul B. Fay, brother of Postmaster Fay, J. Warren Dutton, directors. J. W. Preston Jr., president; Robert L. Long, vice-president; Dudley D. Sales, treasurer and E. Noel, secretary. Property in Hannapah Mining District, about twenty miles east of Tonopah, Nevada. Richest silver camp in the state. Tunnel now being run in on vein itself, with practically no dead work. Hannapah Divide Extension Mines company, adjoining the property, Hon. Warren R. Porter, Ex-Lieutenant Governor of California, president, and Hon. Louis Oneal of San Jose, S. P. attorney, vice-president, has eight inch streak in crosscut from winze twenty feet deep which gave assay of $294.54 per ton. Same formation and ledges run through Nevada Central and Hannapah Elk properties. All these properties have every indication of producing untold millions in silver and gold. In 1903 ore deposits were discovered in the Hannapah Mining District. The Hannapah mines were worked from 1903 to 1907, when operations were suspended mainly due to the money panic of that year. These mines were so rich that they made money when silver was around sixty cents per ounce; silver is now $1.37 1-2 per ounce and should go higher. Many Menlo Park residents own stock in this company.

A very enjoyable evening was spent last Friday evening at the home of Mrs. Henry Smith by a number of the younger set of our village. The evening was mainly a musical one, much talent being shown by a number of those present. Of special note was the solo rendered by Miss Kathryn Smith. At the conclusion of the evening dainty refreshments were enjoyed by all.

Charles N. Felton, son of the late Senator C. N. Felton, passed away at Redlands last Wednesday. He left here last summer to reside in the south. For years Mr. Felton had been a sufferer from asthma. He was a native of Menlo Park, aged 51 years. He is survived by his wife and sister, Mrs. W. D. Neilsen of New York. He inherited large wealth from his father, who died six years ago. The Felton holdings here will most likely be sold very soon.

Lost—Pair of double vision glasses in case marked "California Optical Co." leave at Menlo Express office and receive reward.

Many from here attended the funeral obsequies of Mrs. Georgiana Hopkins McNear at San Francisco on Monday last. Mrs. McNear died on Saturday. She spent her girlhood here and was well-liked and admired by everyone. Mrs. McNear had planned many improvements at the McNear country home here. She looked forward with pleasure to this contemplated work. Her husband and family have the sympathy of the community of all in their sad bereavement.

Brainbridge Colby, the new secretary of state, is a warm personal friend of Postmaster E. J. Crane, who became acquainted with him several years ago. Mr. Crane has wired his congratulations.

Arthur Thompson, the barber, has opened an employment office in connection with his business in the Maloney block. Anyone needing help may call at the shop or ring up 607-W. There will be no charge to the employer. A bulletin will be posted in and outside the shop every day with a list of positions to fill. Mr. Thompson will charge the applicant 50 cents for the service. Mr. Thompson has also added a dyeing and cleaning branch to his establishment. Clothes will be called for and delivered.

ABSENCE

"Alone in the mellow moonlight"
I feel the lure of my sweetheart bright.
As I hold her diaphanous form, close as I dare;
The glorious perfume of her wondrous hair,
Comes to me in all its intoxicating charm.
And leaves me sad, wild, cold and with alarm,
I seek the more frequented places by night,
Than the beautiful, tempting, cruel moonlight.

NELLE SINCLAIR.

A. S. Murphy, the wealthy Pasadenian who has occupied the Mrs. Cluff home on Glenwood avenue, yesterday purchased the Talbot C. Walker place at Atherton. It is said the sum of $75,000 was paid for the choice property. Mr. Murphy has an interesting family. The Murphys are quite an acquisition to Menlo Park society.

IRISH INDEPENDENCE

Under the auspices of the American Commission on Irish Independence a rousing meeting was held in the Alhambra on Tuesday evening preparatory to the big bond drive on March first. J. J. Hahir presided and in a few well-chosen words introduced the speaker of the evening, George Harkins of San Francisco, who, in eloquent words told Ireland's sad story and how the money so raised by the bond issue would be applied. J. J. Shields, county chairman of the commission, made an eloquent speech urging all to subscribe to the bonds. E. Reilly, state secretary, also spoke. J. J. Hahir is chairman of the commission for Redwood City.
